A. Introduction

Pension Fund Regulatory and Development Authority (PFRDA) has appointed KFin Technologies Limited (KFinTech) as the Central Recordkeeping Agency (CRA) for the National Pension System (NPS).

B. Scope

It is of utmost priority that CRA provides good subscriber service and ensure subscriber's satisfaction. As per PFRDA (Redressal of Subscriber Grievance) Regulations, 2015, every entity is required to follow the Grievance Redressal Policy as per the regulations laid down. Grievance Redressal Policy (GRP) is made for the grievances arising out of various services offered by KFinTech in the capacity of CRA.

The scope of Grievance Redressal Policy is limited to redressal of grievances raised against CRA and not for the grievances raised against other entities. In cases where the grievances have been raised against other entities, the respective entities will be responsible for resolution of these grievances. The subscribers/complainants are requested to approach the respective entities for resolution of these grievances.

The term "Grievances" is defined by the regulations under Regulation 2(g) as:

"Grievances or complaint" includes any communication that expresses dissatisfaction, in respect of the conduct or any act of omission or commission or deficiency of service on the part of, an intermediary or an entity or a person governed by the provisions of the Act and in the nature of seeking a remedial action but do not include the following;

- 1) complaint that are incomplete or not specific in nature
- 2) communication in the nature of offering suggestions
- 3) communication seeking guidance or explanation
- 4) complaints which are beyond the powers and functions of the PFRDA or beyond the provisions of the PFRDA Act and the rules and regulations framed thereunder
- 5) any disputes between entities

- 6) complaints that are sub-judice (cases which are under consideration by court of law or quasi-judicial body) except matters within the exclusive domain of the PFRDA under the provisions of the Act.

C. Objective of Grievance Redressal Policy

The objective of this Policy is to set forth the policies and procedures to be followed in receiving, handling and responding to any grievance against the CRA in respect of the services offered by it. The following are broad objectives for handling the customer's grievances:

- 1) Customers to be treated fairly at all times.
- 2) Easy accessibility to the customer for an immediate Grievance redressal.
- 3) Complaints raised by subscribers to be dealt with courtesy and in time.
- 4) Subscribers to be fully informed of avenues to escalate their complaints/ grievances within the organization and their rights to alternative remedy, if they are not fully satisfied with the response of the KCRA to their complaints.
- 5) KCRA to treat all complaints efficiently and fairly as it can damage the organisation reputation and business if handled otherwise.
- 6) Our employees to work in good faith and without prejudice to the interests of the customer.
- 7) Monitoring mechanism to oversee the functioning of the Grievance Handling Policy.
